IFIA President
Address : Palexpo, CP 112, Route François-Peyrot 30, 1218 Le Grand-Saconnex,
Geneva/Switzerland

Dear Mr. Alireza Rastegar,

On behalf of Malaysia Innovation Association (MIA), I would like to request for an approval to join the membership of IFIA for Malaysia. We are a non-profit organization with the job of monitoring the nation's innovative activity. Our mission is to connect all innovators and researchers and to serve as a platform for facilitating and monitoring innovation in Malaysia.

We plan to provide appropriate structures and forms, norms, accreditation, and regulations for innovation that span the entire terrain of innovative activity. Our purview encompasses academics (from secondary schools to institutions of higher learning), industry, entrepreneurs, and skills training centres, as well as all relevant government and non-government organisations engaged in innovation-related activities.

Our membership is open to all and some of its benefits for support to host the innovation competition event, and we do our best to encourage MIA members to participate in as many innovative activities as possible.

I truly believe that by joining IFIA we can pave the way for the inventors of different nations to collaborate and share the innovative knowledge. We look forward to future cooperation. Your consideration is highly appreciated.

Sincerely Yours,

DR. MOHD SUBRI TAHIR
Chairman
