

“Inv” Membership Request

I,....., with national ID, according to the enactment established recently by Executive Committee of the International Federation of Inventors' Associations, dated February 4th, 2020, giving the title “Inv” to all of the qualified inventors around the world, hereby request to submit my documents and application for review and certification to IFIA's office in Switzerland.

I am also aware that checking and examining the documents and the issuance of this certificate is a decision made by IFIA's head administration and the office located in my country is not involved. Hence, if there was an opposition to my request, IFIA's agency in my country would not be responsible for any objection.

Applicant / Name and Surname:.....

Passport or National ID Number:.....

Nationality:.....

Email Address:.....

Signature:

Phone Number:.....

Date:.....

The necessary criteria to obtain Inv title and its membership for inventors is at least having one item and pay one-year Inv's membership fee as follows:

1. Having a national or international patent
2. Having a national or international invention award
3. Having a recommendation letter from IFIA's members office
4. Having a recommendation from national government invention and innovation agency

Please note that at least one of above-mentioned criterias and also the payment receipt of membership should be attached to this request.

If the applicant meets all the criteria to receive this title, it is ultimately the IFIA Secretariat that can reject or accept the application at its discretion

(IFIA Secretariat can invalidate and remove the provided INV title certificate at any time it deems necessary)
